Level 1: Cellular Analysis Fundamentals

Maglocen

140 Terry Dr, Suite 100

Newtown, PA

08:00 AM - 04:00 PM EST

Crysty Zelasny, 1 321.604.6472

Crystal.Zelazny@Cognyte.com

We're excited to announce an exclusive opportunity to enhance your cellular analysis skills at the upcoming Cellular Analysis Fundamentals led by Precision Cellular Analysis' instructors founded by retired FBI Special Agents who served on the FBI's Elite Cellular Analysis Survey Team (CAST) and are recognized as expert witnesses in Federal and State Courts.

Cognyte, a global leader in intelligence and investigation technology for law enforcement and security organizations, has partnered with PCA to offer a Cellular Analysis Fundamentals Course in order to make world-class training available to you. The training is designed to provide you with the knowledge and skills needed to be successful with modern mobile forensics and investigations.

What you'll gain:

In-depth cellular analysis techniques

Real-world applications and practical techniques using examples from cases

Hands-on training with former FBI-certified CAST instructors

Masterclass OSAINT - OSINT with AI Integration

MS Teams

09:00 AM - 03:00 PM EST

Kim Santman, +1 (786) 738-5527?

info@anti-crime-academy.us

Join us at the International Anti Crime Academy Inc. for the Masterclass OSAINT: Open Source Intelligence with AI Integration. With over a decade of expertise in OSINT, we invite you to explore this next-level training designed to elevate your investigative skills by integrating AI into traditional OSINT methodologies.

This engaging virtual, instructor-led masterclass offers:

In-depth understanding of OSINT and its real-world applications

Insights into how AI enhances traditional OSINT techniques

Mastery of OSINT Prompt Engineering for more effective information gathering

Practical, hands-on experience with AI tools to maximize investigative outcomes

A comprehensive view of how AI transforms and adds value to your research process

Discover how AI can become a transformative element in your OSINT practice, setting you apart and preparing you for the future of open-source intelligence.
